- interim payment[s], on the basis of the request for interim payment[s] referred to in Article I.4.3;
- one payment of the balance, on the basis of the request for payment of the balance referred to in Article I.4.4.

I.4.9 Pre-financing payment

The aim of the pre-financing is to provide the beneficiaries with a float. The pre-financing remains the property of the Union until it is cleared against interim payments or, if it is not cleared against interim payments, until the payment of the balance.

The Agency must make a first pre-financing payment of EUR 1,800,000 to the coordinating beneficiary within 30 calendar days from the entry into force of the Agreement, except if Article II.24.1 applies.

I.4.10 Interim payments

Interim payments reimburse or cover the eligible costs incurred for the implementation of the *project* during the corresponding reporting periods.

The Agency must pay the coordinating beneficiary the amount due as interim payment within 90 calendar days from when the Agency receives the documents referred to in Article I.4.3, except if Article II.24.1 or II.24.2 apply.

Payment is subject to the approval of the request for interim payment and of the accompanying documents. Their approval does not imply recognition of the compliance, authenticity, completeness or correctness of their content.

The Agency calculates the amount due as interim payment as follows:

Step 1 — It applies the reimbursement rate to the eligible costs and adds the unit, flat-rate and lump sum contributions

Step 2 — It may clear in full or in part the pre-financing

Step 3 — It limits the total amount of pre-financing and interim payments to 80% of the maximum amount of the grant.

I.4.10.1 Step 1 — Applying the reimbursement rate to the eligible costs and adding the unit, flat-rate and lump sum contributions

This step is applied as follows:

- (a) If, in accordance with Article I.3.2(a), the grant takes the form of the reimbursement of eligible costs, the reimbursement rate specified in that Article is applied to the eligible costs of the *project* approved by the Agency for the concerned reporting period and for the corresponding categories of costs, beneficiaries and affiliated entities;
- (b) If, in accordance with Article I.3.2(b), the grant takes the form of a unit contribution, the unit contribution specified in that Article is multiplied by the actual number of units approved by the Agency for the concerned reporting period and for the corresponding beneficiaries and affiliated entities;
- (c) If, in accordance with Article I.3.2(c), the grant takes the form of a lump sum contribution, the Agency applies the lump sum specified in that Article for the corresponding beneficiaries and affiliated entities if it finds that the corresponding tasks or part of the *project* were implemented properly in accordance with Annex I during the concerned reporting period;
- (d) If, in accordance with Article I.3.2(d), the grant takes the form of a flat-rate contribution, the flat rate referred to in that Article is applied to the eligible costs or to the contribution approved by the Agency for the concerned reporting period and for the corresponding beneficiaries and affiliated entities.

If Article I.3.2 provides for a combination of different forms of grant, the amounts obtained must be added.

I.4.10.2 Step 2 — Clearing the pre-financing

The amount of pre-financing to be cleared must be deducted from the amount obtained following Step 1.

I.4.10.3 Step 3 — Limiting the amount of pre-financing and interim payments to 80 % of the maximum amount specified in Article I.3.1

I.4.11 Payment of the balance

The payment of the balance reimburses or covers the remaining part of the eligible costs incurred by the beneficiaries for the implementation of the *project*.

If the total amount of earlier payments is greater than the final amount of the grant determined in accordance with Article II.25, the payment of the balance takes the form of a recovery as provided for by Article II.26.

If the total amount of earlier payments is lower than the final amount of the grant determined in accordance with Article II.25, the Agency must pay the balance within 90 calendar days from when it receives the documents referred to in Article I.4.4, except if Article II.24.1 or II.24.2 apply.

Payment is subject to the approval of the request for payment of the balance and of the accompanying documents. Their approval does not imply recognition of the compliance, authenticity, completeness or correctness of their content.

The Agency determines the amount due as the balance by deducting the total amount of pre-financing and interim payments (if any) already made from the final amount of the grant determined in accordance with Article II.25.

The amount to be paid may, however, be offset, without the beneficiary's consent, against any other amount owed by the beneficiary to the Agency, the Commission or to an executive agency (under the EU or Euratom budget), up to the maximum contribution indicated for that beneficiary, in the estimated budget in Annex III.

I.4.12 Notification of amounts due

The Agency must send a *notification* to the coordinating beneficiary:

- (a) informing it of the amount due; and
- (b) specifying whether the notification concerns a further pre-financing payment, an interim payment or the payment of the balance.

For the payment of the balance, the Agency must also specify the final amount of the grant determined in accordance with Article II.25.

I.4.13 Interest on late payment

If the Agency does not pay within the time limits for payment, the beneficiaries are entitled to late-payment interest at the rate applied by the European Central Bank for its main refinancing operations in euros ('the reference rate'), plus three and a half points. The reference rate is the rate in force on the first day of the month in which the time limit for payment expires, as published in the C series of the *Official Journal of the European Union*.

Late-payment interest is not due if all beneficiaries are Member States of the Union (including regional and local government authorities and other public bodies acting in the name of and on behalf of the Member State for the purpose of the Agreement).

If the Agency suspends the time limit for payment as provided for in Article II.24.2 or if it suspends an actual payments as provided for in Article II.24.1, these actions may not be considered as cases of late payment.

Late-payment interest covers the period running from the day following the due date for payment, up to and including the date of actual payment as established in Article I.4.15. The Agency does not consider payable interest when determining the final amount of grant within the meaning of Article II.25.

As an exception to the first subparagraph, if the calculated interest is lower than or equal to EUR 200, it must be paid to the coordinating beneficiary only if the coordinating beneficiary requests it within two months of receiving late payment.
